## PROJECTS

**Project Name** - Flappy Bird Game Using Python Libraries

**Duration** – 45 days

**Description** – We made a game called Flappy Bird is which is endless game that involves a bird that the player can control. The player has to save the bird from colliding with the hurdles like pipes. Each time the bird passes through the pipes, the score gets incremented by one. The game ends when the bird collides with the pipes or falls down due to gravity.
